Re: Dow Corning Settlement

Dear Margetta:

This letter is in response to the concerns that you have expressed to the Bar Counsel Office.

Our office had previously registered your Dow claim. You were timely registered in the Dow Corning Settlement as evidenced by our receipt of your Claim Forms and labels. Please find enclosed a copy of your Claim Form labels for your reference.

In our correspondence to you, we requested that you forward the original Claim forms to us. Please find enclosed a copy of our letter for your reference. In addition, in numerous conversations with my paralegal, Margie Primero-Allen, she specifically told you that we would review the Claim forms and then submit them, along with your medical records, to the Dow Corning Settlement Facility on your behalf. However, you subsequently removed us as your attorney of record and we promptly forwarded your entire file, including your original Claim Forms, to you at your request.

We understand that you have received a notice from the Dow Corning Settlement Facility regarding a deficiency in your claim. This deficiency relates to your submission of copies of your Class 5 Claim forms. The Settlement Facility requires the original Claim Forms. In order to correct the deficiency in your claim, you must submit your original Claim Forms, which were enclosed in your file. If you have misplaced your original Claim Forms, you can contact the Dow Corning Settlement Facility at 1-866-874-6099 to request another Claim Form packet. After you submit your original Claim Forms to the Settlement Facility, they will notify you of the next steps in the claims process.

Sincerely,

Samuel M. Pollack /mpa

RE: Margetta Langlois

Dear Mr. Hamberger:

As we discussed today, this firm represent Ms. Langlois in a product liability claim. Ms. Langlois claim is potentially worth \$100,000.00 to 300,000.00; although until the final number of participants is determined we cannot be totally sure. We have every hope that payments will begin late this year, but, as I told you, there are no guarantees as to time or the amount of payment.

(Chapter 11)

Judge Denise Page Hood

**ORDER AUTHORIZING PAYMENT OF FIRST PRIORITY PAYMENTS
PURSUANT TO AMENDED JOINT PLAN OF REORGANIZATION**

The Court having entered an order on April 2, 2004 establishing June 1, 2004 as the Effective Date for the Amended Joint Plan of Reorganization, and the Independent Assessor having advised the Finance Committee and the Court that it has no objection to the payment of Allowed Claims currently pending with the Claims Administrator, and the Plan Proponents having moved, on behalf of the Finance Committee, for entry of an order, pursuant to Settlement Facility Agreement § 7.02(a)(iii), authorizing distribution of First Priority Payments,

IT IS HEREBY ORDERED THAT:

1. The Finance Committee is authorized to direct the Trustee to make First Priority Payments with respect to Allowed Claims, and such other payments as are authorized or required under the Plan or Plan Documents, beginning on the Effective Date and continuing until further order of the Court, consistent with the requirements and procedures set forth in the Joint Plan and other governing Plan Documents.

February 7, 2005

Approximately 145,000 women have filed a Proof of Claim in Dow Corning's bankruptcy proceedings alleging that they have or had a Dow Corning breast implant. Overwhelmingly, 99.5% elected to resolve their claim in the Settlement Option, with less than 1% of breast implant claimants who "opted out" to pursue litigation. Only a part of the 145,000 have submitted claims to the Settlement Facility to date, and there is information below about the processing of those claims.

In June 2004, the claims office began issuing payments to claimants. To date, 14,807 checks have been issued to claimants ranging from \$2,000 - \$250,000 per claim (see breakdown by class below). Earlier this year the Finance Committee, Claimants Advisory Committee and Dow Corning Representatives were informed of some delays in processing. A review is currently underway to identify improvements so claims in Classes 5, 6.1 and 6.2 (Dow Corning breast implant claims) may be processed and paid more rapidly. Claims in Classes 7 and 9 will be paid after the June 2006 deadline for submission of these claims as set forth in the Plan documents.

The claims examination process begins with a review for proof of manufacturer. Proof of manufacturer reviews through 12/31/04 show the following:

- 54,071 proof of manufacturer claims were submitted
- 43,044 of these claims have been processed
- 35,598 or 83% have been determined to have acceptable proof of an eligible implant

Once a claimant has established acceptable proof of an eligible implant, claims for Explant, Rupture, and Expedited Release or Disease are reviewed. The most current results for claims paid through December 31, 2004 are provided below.

Claim Category	Number of claims paid through 12/31/04	Total \$\$ paid in category Through 12/31/04
Expedited Release	5,917	\$11,589,079.81
Explant	4,670	\$23,042,224.14
Rupture	2,689	\$53,627,616.98
Disease	1,531	\$23,464,348.96
Total	14,807	\$111,723,269.90

The website for claimants to review the status of their claims is currently being tested and should be available by the first of next month. The feedback from those testing has been very positive. Comments include:
